## FIGHT BETWEEN SPANISH GIRLS

There is a French boy (Jean) who liked a Spanish girl (Silvia). However his love was not reciprocated because she loved another boy in Barcelona Spain. Some days after, he wanted to kiss another girl (Ines) and he did several times. Ines didn't know what had happened before. The cheeky boy started to go out with poor Ines, When Silvia saw they were very good together she started to flirt with him. Last night Silvia said to him that she was angry with him because Jean and Ines were together so Silvia asked him to choose between them (Although some days ago she had said that she didn't love him). Silvia was really jealous because of Ine.s So she made him break his relationship with Ines because she wanted him for herself.

## LONDONS BURNING

Except for a few people most were looking forward to the London trip and prepared for a long hot day in the City. We all got going fairly early and all seemed well, until one of the busses exploded in a cloud of steam. We were then given the sheets detailing where we were dropped and what time the pickup was to be. After a three hour journey we have three hours in London and then a three hour journey back to camp. Oops! Pete said a little mix up with times we should have been leaving London at 7pm not returning by 7pm. Pete would like to apologise to everyone and he will try harder next year!
