

Rocking Horse

You write your own songs, how?

“Any of us has an idea and we all help in developing it. The style comes naturally”.

How long have you been playing together?

“Five Years now”.

Why the name Rocking Horse?

“The name refers to a toy so some of our songs can be fun but also they can have important messages”.

Your first album is called The Siren, Who is the Siren?

“That is a dangerous question, both us girls are Sirens”.

How did you find the atmosphere at camp?

“Very nice although the BBQ was a bit smokey”.

Dr Lurve takes over.

You are very beautiful girls how do you manage to keep the men away?

“That is why we have boys in the band, they are our protection. We also use the drumsticks to beat them all off”.

The album is great , buy it now.

EMO3 Festival

We had a great festival today, nine wonderful bands came along to give us some fantastic moments of music and fun, including one band from International Camp “Bouloz”.

60 Young people from five countries (Poland, Slovakia, Germany, Denmark and UK) came to share the afternoon and the evening with us.

Camp today was more International than every before and we celebrate this diversity.

We hope that you all enjoyed the festival and that Paul Green and his friend Jeff Merrifield will organise another next year, you will all be invited.

Belly Dancing

Due to popular demand another Belly Dancing lesson will be available Friday 11am in the Dining Hall.
